

Guided Walking Tour

10am Tues 24 Mar 2020

To celebrate National Eucalypt Day take a guided walking tour through the 3ha Dryland Eucalyptus Arboretum at the Melton Botanic Garden. These Eucalypts are from regions in Australia with 450mm or less of rainfall. These Eucalypts tolerate a dry climate and low water conditions. Many are small and suitable for growing in pots or small gardens. You will be amazed by what you discover about Eucalypts on this tour. The 100 plus species of Eucalypts are a Nationally Registered Collection with Plant Trust. Eucalypts will be for sale at the Nursery. The walk is about 90 minutes followed by a free morning tea.

WHEN: Tuesday 24 March 2020

TIME: 10.00am – noon (*suggest arriving about 9.45am*)

WHERE: Meet at Depot 21 Williams St, Melton, 3338
